Some Old Thing.

Corington Commonwealth—Kentucky is not embarrassed by an empty Treasury.

It has been emptied so often that families are compelled to live on the proverbial content.

Still, with a State Board of Equalization whose only purpose seems to be that of an indiscriminate increase of taxation, we do not see why the Treasury will never become empty.

And besides, Dick Tate is off on a protracted foreign tour.

THE Winchester Sun, which under its new management, with ex-Postmaster H. J. Hampton as editor, is a live and enthusiastic Republican paper.

Mrs. R. M. Lee died at Pleasureville and her remains were taken to her old home in Fleming for interment. Her maiden name was Shockley.

C. T. ANDERSON of the Mt. Olivet Bus Line, has bought the interest of Charles E. Biggers in the livery business here, and the firm will be Wells & Anderson.

A BROTHER and sister of Madeline Pollard have been discovered living at London. Ernest Pollard, the brother, is a clerk in a dry goods store. The sister is the wife of Rev. F. V. Strake, Pastor of the Methodist Church.

One thing may be put to the credit of Coxey's army—it marches with the American Flag at the head of its column.

TO ADVERTISEERS.

Advertising rates uniform and reasonable and made known on application at the office.

Subscribers who fail to get the Ledger regularly are requested to report the fact AT THE OFFICE.

One thing may be put to the credit of Coxey's army—it marches with the American Flag at the head of its column.

THE public debt increased only \$13,786,000 during the month of March. That isn't very bad for a Democratic Administration that is pledged to "economy" and "reform" and all the other demagogical fads that would have had a foot thick and forty miles square.

"The Louisville police made more arrests during the month of March than were ever made in any one month," says *The Courier-Journal*.

This evidence of the "revival of business" seems to have escaped Brother MARSH. Arresting poor devils who are workless and homeless has been a "thriving industry" in all the cities of the past winter.

Why, bless your soul, Brother, that's just what we have been doing for a long time past. Is it possible that the news from Pennsylvania and Ohio and Iowa and Michigan and a score of other states hasn't as yet resonated on your tympanum? If it hasn't, we beg to accede to your request by submitting this bit of information:

St. Jospeh, Mo., April 3d.—The Mayor and the entire Republican ticket, including all Aldermen, were elected to-day by majorities ranging from 300,000 to 400,000. This is the first time the entire Republican ticket has gone in this city since the war.

THE census of 1890 enumerated 253,852 manufacturers. The census of 1890 gave 355,400, an increase in ten years of 101,549. In 1890 the capital employed was \$2,800,000,000. In 1890 the capital employed was over \$4,500,000,000. Increase of over \$7,500,000,000. There was an increase of over 50 per cent. in the cost of materials used, and an increase of 71 per cent. in the value of the products. In 1890 the wages paid were \$947,663,756. Ten years later the wages paid amounted to \$2,282,823,265, an increase of \$1,334,860,470, or about 110 per cent. of course Free-trade did it.

WHAT PREVENTS INDUSTRIAL REVIVAL.

Indianapolis Journal—If the Senate would cast out all Tariff Bills it would soon be demonstrated that there is employment enough in the country and money enough to pay the employed labor.

HAVE you seen those beautiful banquet and boudoir lamps at Murphy's, the jewelers? If not, call and see them; they are surprisingly cheap. He also has a beauti ful line of gilt table wares with onyx tops, also a fine line of gilt and silver plates. He has also received some of the most exquisite pieces in sterling silver ever shown here.

COX FOR Congress.

Lexington Leader—W. H. Cox of May ville is a favorite mentioned as a Republi can candidate for Congress in the Ninth District. So far Rolla Hart, Democrat, of the same District, has no opposition. Congressman Payne having signified his desire to retire at the end of his term. There is a strong and growing sentiment among the Republicans of the Ninth Congressional District that it can be carried at the approaching election, provided there is harmony, unanimity and hard con sideration work all along the line, not only upon the part of the leaders, but also upon the part of each and every high private in the ranks. In all probability the nomination will be given to either Mr. Cox, Dr. William Bassett, or Samuel J. Pugh. Any one of them would make a splendid standard bearer.

Against Him.

In an interview in Cincinnati, Hon. Emmett Dickson of Paris, who was recently a candidate for the Speaker of the Kentucky House of Representatives, said that Breckinridge will not succeed himself. He says that the sentiment is strong against him since his testimony in the famous suit at Washington, and that he looks to see Judge Bradbury lift Breckinridge high in his instructions to the jury that he will not soon fight again.

Mr. Dickson also said that Cassius M. Clay was sure to receive the Democratic nomination for Governor.

Chamberlain's Colic, Cholera and Diarrhea remedy is taken when these symptoms appear. Such persons should always keep the remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will save them much suffering. For sale by Theo. Power, Druggist.

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. H. Johnson of C. J.
